DOWN TO 1 - THE VIRTUAL EXPERIENCE

"The best I've seen brilliant" Sir Richard Branson

"Down to One" is a journey of magic and binary mind-control on Zoom, culminating in one random audience member determining the success or failure of each individual show. What starts off as a highly interactive magic show quickly evolves into a mind control act. This highly interactive show is perfect for corporate audiences, sales meetings, conferences, holiday parties and more special and private events.

DOWN TO 1 is an award-winning piece of theatre adapted to the virtual experience.

DOWN TO 1 - THE VIRTUAL EXPERIENCE

Chris Dugdale has mystified everyone from Beyoncé to The Pentagon, where he became the only magician in history to receive a medal of excellence following his standing ovation performance.

Chris is a 7-time award-winning Edinburgh festival performer and the ONLY ACT ever to win the Edfest Bouquet 4 times!

(The Edinburgh Fringe Festival is the World's largest theatre and arts festival and attracts in excess of 3 million attendees over a period of a month.)

Chris Dugdale has commanded a private audience with HM The Queen and now has 14 Royal Performances to his name.

You may well recognize him as one of the stars of Penn and Teller: FOOL US or from his appearances on NBC's Dracula or from various TV shows around the World. His magic has gone viral and has been seen by over 10 million people worldwide.

"What a pleasure to have met you and be amazed by your magic"

Jimmy Page - Led Zeppelin

"It's Impossible!" - HM The Queen

The most unbelievable end to a trick ever! - ITV

"The act was absolutely fabulous and superbly entertained our guests, and made the night an evening to remember!" - Sarah, Duchess of York

Nicknamed "The King of Standing Ovation," Chris Dugdale is one of the World's top live performers in his genre, and regularly headlines for Royal Caribbean out of NYC and the East Coast of America. His show is unlike anything you have ever seen before – trust me. He combines hard-hitting dynamic magic and quickly segues into an incredible mind-control performance following the real-life narrative of his life.
